My dear Coo Jena:-

Your two last communications received. I know you are very deeply interested in this immense project you have written about. It is beyond my brain capacity to take it in. And Durward must be a wonderful man for brainss as well as his father

I am glad you enjoyed my sketch. I feel complimented that you had it copied. When you return it, ~~i~~ by mail and to Douglass.

ville. I'll instruct our Post Masters to hold it for me - I am going to Mt. Pleasant sure Sunday to spend a week there. This is about 70 miles from Texarkana on the K.C.R. to Dallas - After you were not to come this week, it suited me better to stay home. I have a picture on hand and wish to finish it to-morrow. So I'll be in Mt. P. next week. Jo Anne has a trip to Amarillo to visit Miss Dickie about June 1st - its day set for leaving I do not wish you to
